TWO FIFTY FIVE EAST 74TH STREET

“Probably the number one draw is the proximity to public and private schools, museums and recreation, restaurants, and shopping,” says Richard Lebow, director of sales and marketing of WorldWide Group, the building’s sponsor. The building’s amenities include a children’s pavilion separated in three parts: a toddlers’ room, a lounge area with a big-screen television and kitchenettes, and a game room with pinball machines, air hockey, and ping pong. Adults also have access to a 43,000-square-foot Equinox Club located in the building. This 30-story, 84-unit building offers three-, four-, and five-bedroom apartments.
